UNDERGRADUATES...
Would you like an extra $1,000.00 after you graduate? Find out about the Tuition Rebate!

The purpose of this program is to provide a financial incentive for you to complete a bachelor’s degree with as few courses outside the degree plan as possible. The program’s goal is minimizing the number of courses you take saving money for you, your parents and the State of Texas.

Eligibility requirements include:

- First college course must be taken in Fall 1997 or later;
- Student must have been a Texas resident at all times while pursuing the degree;
- Student must have been entitled to pay in-state tuition at all times while pursuing the degree; and
- Student must not have previously earned a Bachelor’s Degree.

Key eligibility requirements:

- Students qualify for the $1,000 rebate if they have attempted no more than three semester credit hours in excess of the minimum number of hours required for their degree.
  - For example, a student who completes a bachelor’s degree that requires 120 credit hours with no more than 123 credits attempted may qualify for this rebate.
- Students who were admitted for the first time in fall 2005 or later must also graduate in a timely manner to earn the tuition rebate.
  - According to the most recent revision of the rebate program, a student who wants to receive the rebate must graduate within four calendar years for a four-year degree program or within five calendar years “if the degree is in architecture, engineering or any other program determined by the Board to require more than four years to complete.” Currently the Board has not identified any other five-year degree programs.

Texas Residents graduating with no less than 3 hours over the minimum required for a Bachelor’s Degree may qualify for a $1000 Tuition Rebate.
