Join us and prepare for the TExES™ 160 and 231 with the English Education Program faculty.

The purpose of the Texas Examinations of Educator Standards (TExES™) Program test preparation workshop is to provide a brief overview of the English Language Arts and Reading (ELAR), Grades 7–12 (Series 231) and Pedagogy and Professional Standards (PPR), Grades EC–12 (Series 160) content for prospective test takers and teacher candidates.

We will review and practice the following:
1. Structure of the two exams with student-centered approaches,
2. Strategies for answering the multiple-choice questions with sound reasoning, and
3. Model essay approaches for the Series 160 with the scoring rubric to earn full credit.

Overall, participants will gain strategies for responding to test questions about the domains, competencies, and standards in English language arts and reading education. Join us!
